

Companies4Tomorrow (C4T)

Supporting knowledge capacity in ICT
to encourage digital innovation in the
GR-IT companies

Companies4Tomorrow is a transnational EU-funded project that brings together partners from Greece and Italy to accelerate the digital transformation of SMEs through innovation, skills development, and cross-border cooperation.

The project focuses on mapping digital skills and policy gaps, benchmarking best practices, and developing a common framework for capacity building supported by Living Labs and digital platforms.

Duration
05/2025 - 05/2027

Total Budget
1.576.383,45€
